

Baptist Children's Homes of North Carolina  
*Mills Home - Thomasville*

As a part of Baptist Children's Homes' Central Area Family Services, Mills Home in Thomasville offers residential services for school aged boys and girls. Child care workers live with residents in cottages while direct care staff members help the entire family overcome challenges.

It also offers transitional living educating older children to be self-sufficient and successful as they prepare for independent living as adults.

Established in 1885, Mills Home is Baptist Children's Homes' oldest and largest campus.
