Preschool Program

The Fleshman Pratt Education Center offers preschool programs for children ages 3-5 years providing daily activities that focus on a child's total development - educational, social, emotional, and physical. The emphasis of the curriculum is to provide an age appropriate kindergarten readiness program so children enter school ready to learn.

Full time care is available Monday through Friday from 7:00 am until 6:00 pm.

Inclusion Classes for Children with Special Needs

Weekday Education offers Inclusion Classes customized to meet the specific needs of intellectually and/or developmentally disabled boys and girls. A classroom is comprised of one lead teacher, an assistant teacher, and no more than five children. Three of the students are "typically developing" students who help their classmates learn simply by interacting with them through their daily class activities and routines. Weekday Education works closely with the Children's Developmental Services Agency (CDSA) in Winston-Salem. The teachers use the CDSA's Individualized Family Service Plan (IFSP) developed for each child in order to meet that child's specific needs and help achieve his or her goals.
