

Odum Home

PEMBROKE AREA FAMILY SERVICES

Baptist Children's Homes (BCH) provides residential services for children and families in southeastern North Carolina at Odum Home in Pembroke. Dedicated staff members work tirelessly to meet the needs of children in care. Like all BCH

facilities, Odum Home places a high value on helping meet spiritual needs by providing church services, vespers, and cottage devotions. Odum Home is located directly across from The University of North Carolina at Pembroke. Today, Odum Home offers residential care, after care, and family care services.

Odum Home, once known as the Indian Orphanage, is unique within BCH's family of facilities. Pembroke is known

as the "Land of the Lumbee" and Odum Home maintains its connection to the rich traditions of the community. The facility serves a tri-racial composition serving BCH's mission of "sharing hope...changing lives."

Model of Care: Baptist Children's Homes uses the CARE Model developed by Cornell University. Children And Residential Experiences (CARE): Creating Conditions for Change is designed to support safe environments, strong programmatic elements and a wide-variety of treatment programs and interventions that are trauma-sensitive and developmentally appropriate. It is designed with the child's best interests in mind.

CARE is based on the following six principles:

- 1) Developmentally focused,
- 2) Family involved,
- 3) Relationship based,
- 4) Competence centered,
- 5) Trauma informed,
- 6) Ecologically oriented.

Residential Care: Caring staff members help families to understand and define their immediate relationships enabling them to make decisions concerning their futures. Children and their families learn communication and problem-solving

skills. Based on a young person's age, maturity and projected plan following residential service, preparation for adult living is incorporated in the plan of service.

After Care: After care is provided to child and custodian following each residential service placement.

Family Care: Family Care for single mothers and their children, is also offered at Odum Home. The transitional program provides a goal-focused living environment within a cottage setting. Family Care is specifically structured to help mothers transition to a successful, independent living situation.

Service Area: Odum Home serves the following North Carolina counties: Anson, Bladen, Brunswick, Columbus, Cumberland, Harnett, Hoke, Richmond, Robeson, Sampson, Scotland. Other counties will be considered based upon need.

Cost of Services

Cost of service is based on a sliding fee scale for parent or relative custodians. DSS custodians will pay based on a pre-established purchase of service charge.
